

**MADE TO MATCH IN FORM & FUNCTION**

With GROHE there is no need to rely on guesswork. Our dedicated design team looked at each individual product to determine which faucet and basin shapes look best together, guaranteeing you a seamless, complete design aesthetic. In addition, we physically tested our products against the following criteria to make sure every suggested combination offers you a perfect match.

**FEASIBILITY TEST**

Does the faucet fit neatly onto the basin and work to its technical capacity?

**SPLASH TEST**

When the faucet is turned on, does the water flow over the basin?

**HAND WASH SPLASH TEST**

When you wash your hands, does it cause excessive splashing around the basin?

**COMFORT TEST**

Is there enough space and height around the spout for easy, comfortable use?

**HAVE YOU FOUND YOUR PERFECT MATCH YET?**
