# GROHE BLUE PURE FILTER FAUCET

PURE TASTE  
PURE ENJOYMENT

Imagine drinking pure, refreshing filtered water directly from your own kitchen faucet. GROHE Blue Filter faucet makes this a reality in your own home, by using a 5-step filtration process to remove chlorine and other impurities from the water, while retaining all the important minerals beneficial for your health.

To meet the highest standard of performance, GROHE worked with BWT, Europe's leading filtered water professional, ensuring that GROHE Blue Filter faucet produces an unparalleled, refreshing drinking experience.
